Introducing

Deque Ramp

Personal Edition

The Maryland Technology Assistance Program
(**MD TAP)** announces a joint seminar with Deque, the world's leading developer of automated accessibility management solutions. At this seminar, Deque will unveil its newest product for web developers and analysts to test web sites for all Section 508 and W3C WCAG Accessibility Issues.

The seminar includes a full set of introductory sessions on web site design, testing and auditing to meet the needs of persons with disabilities.

Join us on April 13, 2004 from 8:30 - Noon at
MD TAP
Workforce and Technology Center Auditorium
2301 Argonne Drive, Room T-17
Baltimore, Maryland 21218
